

How you can help CHIFA

(and advance the objectives of your organisation at the same time)

There are many ways you can help CHIFA:

1. Help CHIFA to grow its membership

- Display the CHIFA logo on your website
- Invite your staff and contacts to join and support CHIFA
- Promote and support the CHIFA vision across your networks through social media¹

Example: Here is a short text that you can adapt and use on your website: “We support CHIFA (Child Healthcare Information for All). We support child health rights and believe that every child, every parent and every health worker should have access to the health information they need to protect their own health and the health of children for whom they are responsible. We encourage you to join CHIFA and other HIFA forums here: www.chifa.org

2. Contribute to the CHIFA community

- Publicise your organisation’s activities on the CHIFA forum
- Sponsor a CHIFA discussion on a theme of your choice
- Sponsor a CHIFA Country Representative
- Sponsor a section of the HIFA Voices database (HIFA Voices brings together the experiential knowledge of the CHIFA community and of other HIFA Forums: www.hifavoices.org)

3. Provide financial and/or technical support

- *Voluntary financial contributions.* Supporting Organisations may choose to provide a one-off or annual contribution; contributing organisations are recognized prominently on our website and on every message that is sent via the CHIFA forum. CHIFA has over 3,000 members from 140 countries (and growing).
- *Technical support:* CHIFA has many volunteers worldwide providing help in many ways: publicity and awareness-raising; content analysis; moderation of discussions; database skills; and participation in the CHIFA working group.

Welcome on board – we are delighted you have chosen to support CHIFA and join our vibrant community! Thank you!
