Erasmus+ study program
2021/22

Study program for incoming students

Our course program for Erasmus-students consists each semester of:

- The **Welcome Day**: welcome, introduction and practical information (compulsory)
- The **international course program „Teaching and Learning Across Borders“** — (compulsory)
- **Additional courses** according to the students interests, language skills and availability (optional)

Winter term 21/22

„Teaching and Learning Across Borders“

Module/Course(s)	Target group	Language of Instruction	ECTS
TLAB 1: Science in primary education	International students	English	4
TLAB 2: English in primary education TLAB 2a: elective courses year 3 or TLAB 2b: elective courses year 4	International students + inhouse students	English	10 or 15

Please note: for organisational reasons it is not possible to combine the modules 2a and 2b. It is not possible to interchange/skip individual courses. Students can indicate which of the two options would be their first choice. The final assignment to module 2a or 2b will be clarified after the application interview.

Optional courses

Module/Course(s)	Target group	Language of Instruction	ECTS
Austrian Language and Culture	International students, German level A0	German	3,5
Teaching Practice	International students	German, English	5
Courses from the basic curriculum for Primary education (bachelor level) to a maximum of 3-5 ECTS per subject		German (language support in English or other languages might be available)	-

Spring term 21/22

„Teaching and Learning Across Borders“

Module/Course(s)	Target group	Language of Instruction	ECTS
TLAB 1: Science in primary education	International students	English	4
TLAB 2: English in primary education TLAB 2a: elective courses year 3 or TLAB 2b: elective courses year 4	International students + inhouse students	English	10 or 15
<p>Please note: for organisational reasons it is not possible to combine the modules 2a and 2b. It is not possible to interchange/skip individual courses. Students can indicate which of the two options would be their first choice. The final assignment to module 2a or 2b will be clarified after the application interview.</p>
